## Fresher Induction Course for first MBBS batch 2021

As per the instructions from BOARD of GOVERNORS in supersession of Medical Council of India (2019) and as a part of Competency Based Undergraduate Curriculum For The Indian Medical Graduate, a foundation course was organised for the new batch of First MBBS students of 2021 batch. As per the letter issued by NMC on 01.02.2022, foundation course of dedicated one month was subsumed. The whole foundation course was divided into four phases as follows-

1. Orientation week (14 to 18 February 2022)
2. Soft skill training (21 to 26 February 2022)
3. Capsulated foundation course for late joiners
4. Weekend foundation course.

Foundation course at the beginning of the MBBS course help to sensitise the fresh medical student with the required knowledge and skills that will assist him/her in acclimatising to the new professional environment which would be his/her milieu for a life-long career in the medical profession.

The objectives of the Foundation Course were:

- a) Orienting the students to all aspects of the medical college environment.
- b) Equipping them with certain basic, but important, skills required for patient care and enhancing their communication, language, computer and learning skills.
- c) Providing opportunity for peer and faculty interactions and an overall sensitization to the various learning methodologies.

The detailed report of four phases of foundation course is as under

### 1. Orientation week (14 to 18 February 2022)

The foundation course was conducted from 14 to 18 February 2022. The entire course was carried out on a hybrid mode (Online + Offline) in the Datta Meghe Auditorium, DMIMS campus, Sawangi, Meghe. Around 121 students attended the foundation course.

Eminent key highlights of the foundation course were as follows

- **Dean's Address:** Respected Dean of Jawaharlal Nehru Medical College addressed the students on 14 February 2022 and welcomes them in the prestigious medical profession. He instructed them regarding the culture of the campus and asked them to refrain from anti social activities and channelize their zeal and excitement to the productive work and for their academic excellence. All the HODs of First MBBS subjects and faculties attended this session.

- Panel discussion / symposium ( case vignettes): Roles of IMG: Dr Samarth Shukla Vice-Dean UG conducted panel discussion on the roles of Indian medical graduate (IMG). Dr. JayantVagha, Dr. Sunil Kumar, Dr. Prakash Mohite, DrSourya Acharya and Dr. Neema Acharya were the pannelist for the session. Students played the small skits on the roles of IMG.
- Panel discussion on alternate health care system: DrJayantvagha Professor of Paediatrics conducted the panel discussion on alternate health care system. Dr. Preeti Desai and DrKuchewar from MGAC put light on the role of ayurveda in modern days.
- Other panel discussion was on Interaction with NGO. Dr. PravinaKher moderated the session with DrKher and other esteemed members of Rotary Club as panellists.

Pre test- post test analysis: ALG 81%

The feedback from the students was received. It was found to be satisfactory.

## 2. Soft skill training (21 to 26 February 2022)

The soft skills of newly admitted first year students were enhanced by the soft skill training programme by the ADCC academy. The schedule of the programme is attached below.

Participants	Program Name	Training Dates	Time	Total Strength	No. of Batches	Venue
UG-1st year	Get Set Go	21,22,23 Feb	9am to 4pm	~110	2	New Dhanvantri Lecture Hall & Osler Lecture Hall
UG-1st year	Computer Course-L1	24,25,26 Feb	9am to 4pm	~110	1	New Dhanvantri Lecture Hall

The computer course- Level 1 was also organised by ADCC academy to impart basic computer skills and sharpen their existing knowledge of computers.

These sessions provided opportunity for the students from diverse background and language competence to undergo training for speaking and writing English, fluency in local language and basic computer skills. The students were sensitized to various learning methodologies such as small group discussions, skills lab, simulations, documentation and concept of Self-Directed learning.
