### **SDG 17 – 17.2.4**

#### **DMIHER(DU) through international collaboration and research, review comparative approaches and develop international best practice on tackling the SDGs**

##### **1. DMIHER's Contribution regrading Nutrient and promotion profile model by WHO**

WHO Regional Office for South-East Asia developed the nutrient and promotion profile model to provide an objective method of benchmarking foods in terms of their nutrient composition and promotions. The model provides nutrient composition thresholds across food product categories and promotional requirements that would support countries to end the inappropriate promotion of foods for older infants and young children. Countries may directly adopt the model and accompanying criteria or adapt it to guide national policies.

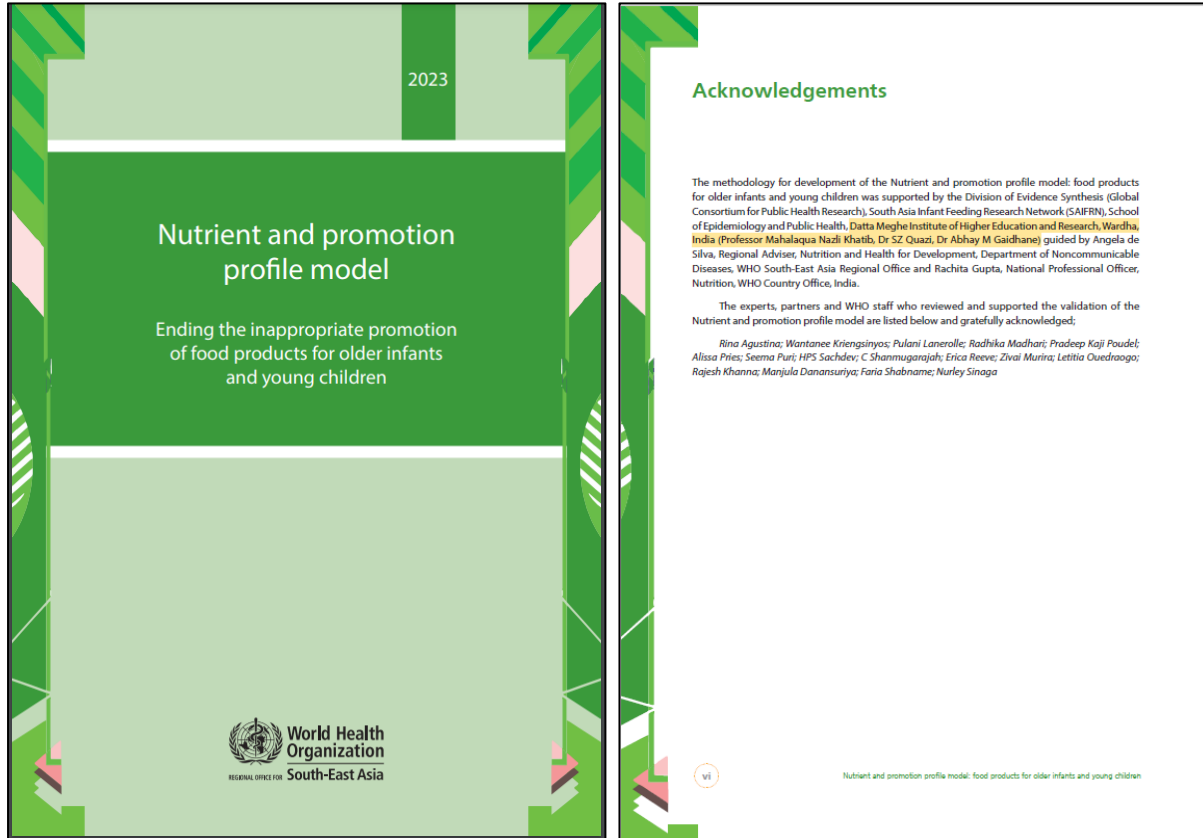

The methodology for development of the Nutrient and promotion profile model: food products for older infants and young children was supported by the Division of Evidence Synthesis (Global Consortium for Public Health Research), **South Asia Infant Feeding Research Network (SAIFRN)**, **School of Epidemiology and Public Health, Datta Meghe Institute of Higher Education and Research, Wardha, India (Professor Mahalaqua Nazli Khatib, Dr SZ Quazi, Dr Abhay M Gaidhane)** guided by Angela de Silva, Regional Adviser, Nutrition and Health for Development, Department of Noncommunicable Diseases, WHO South-East Asia Regional Office and Rachita Gupta, National Professional Officer, Nutrition, WHO Country Office, India. ## 2. Faculty from DMIHER as Global Health Expert at the 77th session of the United Nations General Assembly

The Science Summit, held on the margins of the 77th session of the United Nations General Assembly in New York, successfully convened global leaders, scientists, policymakers, and innovators to discuss pressing scientific and technological challenges. A key highlight of the summit was the emphasis on the transformative role of Science, Technology, and Innovation (STI) in achieving the Sustainable Development Goals (SDGs). Dr Zahir Quazi, DMIHER was invited as a Global Health Expert for the session on “Creating an Empowerment Model in Global Health: An Evolving Practice to Build Capacity, Research Methodologies, Educational Modalities, and Health Equity”

<https://ssunga77.sched.com/event/14WGi/ref-21085-creating-an-empowerment-model-in-global-health-an-evolving-practice-to-build-capacity-research-methodologies-educational-modalities-and-health-equity>

Welcome to the Science Summit at the United Nations General Assembly (UNGA77)

Please Register by clicking [HERE](#)

Registration is free of charge. You can register yourself and also other colleagues (up to 10 people).

After you have registered, you will receive two emails: one from Eventbrite with your ticket, and 15 min later, one from SCHED inviting you to create your username and password (these will be your SCHED login details to access the conference each time).

Once you have your SCHED login details, you can select the session(s) you would like to attend and be able to see the ZOOM link to join your selected sessions.

All times in the AGENDA are New York Local (Eastern Daylight Time (EDT)). To view times in another time zone, please use the "Timezone" box located below on the right.

**3. Dr. Mahlaqua Nazli Khatib faculty from DMIHER Joins International Expert at the University of Huddersfield's Consortium for Global Public Health Frontiers**

Dr. Mahlaqua Nazli Khatib from DMIHER (DU), a highly respected leader in the field of public health, was invited to participate in the Global Consortium in Public Health meeting organized by the University of Huddersfield. Held on June 19–20, 2023, the meeting convened leading public health experts from around the world to discuss recent developments and address critical challenges in the field.

The Global Consortium in Public Health is an international network of researchers, practitioners, and policymakers dedicated to advancing public health through collaborative research, education, and advocacy. It serves as a platform for sharing best practices, fostering innovation, and developing strategies to address global public health challenges. ([Link](#))

**4. Faculty from DMIHER participated in Advancing Nutrition Standards for Young Children: WHO's Technical Discussion**

In an effort to enhance the health and nutritional well-being of young children across the South-East Asia Region, the World Health Organization (WHO) convened a technical discussion on February 7–8, 2023, at its Regional Office in New Delhi. The focus was on developing a nutrient profile model for benchmarking complementary foods for young children, a critical step towards improving complementary feeding practices. The initiative aims to establish evidence-based regulations that will guide countries in ensuring the nutritional adequacy of formulated complementary foods, ultimately supporting healthier growth and development during early childhood.

Dr. Mahalaqua Nazli Khatib, an esteemed leader in public health and Head of the Centre for Evidence Synthesis at DMIHER and the Global Evidence Synthesis Initiative (GESI), was among the distinguished experts invited to contribute to this pivotal discussion. Recognized for her expertise in evidence-based policymaking and nutritional health, Dr. Khatib played a key role in shaping the dialogue around nutrient profiling and regulatory frameworks. Her participation underscored the critical importance of collaborative efforts in tackling regional and global health challenges. ([Link](#))

**5. Declaration of commitment to the purposeful creation and systematic implementation through the formation of AMEI and adhere to the principles of the World Federation for Medical Education (WFME) and the standards of the World Health Organization (WHO), ensuring excellence across all stages of medical education at the National Conclave of Medical Educators and launched the Association of Medical Educators of India (AMEI)**

As part of its commitment to SDG 4, Datta Meghe Institute of Higher Education and Research (DMIHER), Wardha, organized the National Conclave of Medical Educators and launched the Association of Medical Educators of India (AMEI) on 28th September 2023 at its off-campus site, Datta Meghe Medical College, Nagpur. This landmark hybrid event served as a platform for educators, researchers, and professionals in medical education to exchange ideas, share experiences, and collaboratively shape the future of medical education in alignment with global educational goals. The event culminated in a declaration of commitment to the purposeful creation and systematic implementation of the conclave's outcomes through the formation of AMEI. This association aims to adhere to the principles of the World Federation for Medical Education (WFME) and the standards of the World Health Organization (WHO), ensuring excellence across all stages of medical education—including basic, postgraduate, and continuous professional development—as well as in distributed and distance learning in medical education. This initiative seeks to enhance the quality of preventive, promotive, diagnostic, curative, and rehabilitative healthcare. ([Conclave Report](#))

## 6. “Quality Education: Accomplishing SDG4 in Health professions Education in India”

On Contribution to “Azaadi ka Amrit Mahotsav” DMIHER (DU) hosted the first of planned 75 consecutive events, CME on “Quality Education : Accomplishing SDG4 in Health professions Education in India” on August 9, 2022, at DMMC, DMIHER (DU) Nagpur. Welcome address for the event was given by Dr Ved Prakash Mishra and Dr. Russell D’Souza. Continuing Medical Education involves our esteemed faculties Dr Gaurav Mishra, JNMC, Dr Dinesh Badyal, CMC Ludhiana , Dr Kirtana Nayak , MAHE , Manipal, Dr Alka Rawekar, Professor JNMC , Dr S Krishna Mohan , PMCHRI , Chennai, Dr. Sunita Vagha, Dean Academics, Dr. Judy Mckimm, Dr. Shubadha Gade , DMMC, Dr Anagha Sahasrabuddhe , DMMC, Dr. Scott Johnstone, Dr Jayant Vagha, JNMC, delivered a talk on topics related to medical education followed by panel discussion. For panel discussion our guest invitees were Dr Avinash Supe , Dr Poornima Barua , Dr Latha Ravichandran and Dr Sahiba Kukreja as Panellists for ‘sharing best practices in CBME’. And plenary talk was given by Dr. Ronald Harden Total 637 participants attended the event. ([AMEE declaration](#)) ([National Launch AMEE Nodal Centres in India](#))
