**SDG 3 – 3.3.4**

**DMIHER(DU) provide students access to sexual and reproductive health-care services including information and education services**

At DMIHER (DU), we prioritize the holistic welfare of our students by ensuring access to comprehensive sexual and reproductive health care services. These services, which include educational initiatives and resources, are integrated into our curriculum, reflecting our commitment to addressing the diverse needs of our student community.

The Department of Obstetrics and Gynecology (OBGY) at JNMC, Wardha, and DMMC, Nagpur, plays a crucial role in this endeavour by organizing various initiatives aimed at promoting sexual and reproductive health. Additionally, we conduct special educational programs on menstrual hygiene and women's health, which have garnered positive feedback and high attendance from our female students. A notable initiative is the popular PCOD Club, which addresses issues related to Polycystic Ovary Syndrome (PCOS) and provides information on remedial measures to help students manage this condition effectively.

To further support our students, we have established special provisions, including dedicated feeding and nursing rooms, as well as restrooms for students with children. These facilities are designed to create a nurturing and accommodating environment, ensuring that all aspects of student life are taken into consideration.

- Formerly known as **Datta Meghe Institute of Medical Sciences** (Deemed to be University)
- Conferred 'A' Grade status by H.R.D. Ministry Govt. of India
- Re- accredited by NAAC (4th cycle) with A++ Grade (CGPA 3.78)
