WOMEN'S ACCESS SCHEMES

DMIHER has a well-defined **Women Access Policy** that focuses on promoting **Women Empowerment** through education, ensuring equity, and providing opportunities without any gender discrimination. This policy is designed to support and encourage women applicants by systematically tracking their applications, following up with candidates, providing access support, accepting applications, facilitating enrollment, and enhancing completion rates across all university programs.

To support this commitment, DMIHER has implemented a **Mentoring Scheme for Women** and also provides financial support through **Freeship-Scholarship** opportunities for students. Further provisions under this policy include access to the **Student Guidance Unit**, which offers counseling and guidance services, and an **Entrepreneurship Program for School Children**, which encourages early engagement. Through these initiatives, DMIHER demonstrates its commitment to fostering an inclusive and supportive educational environment for women.
