SDG 5 – 5.6.4

Childcare facilities for students

DMIHER (DU) provides accessible childcare facilities for students, allowing recent mothers to attend university courses comfortably. Here's how:

1. **Medical Support:** DMIHER offers specialized medical care for student mothers, from pregnancy through delivery and neonatal care, ensuring comprehensive support at each stage.
2. **Maternity Leave:** The university has provisions for maternity leave, enabling students to take necessary time off for childbirth and early childcare without impacting their academic progress.
3. **Non-Strenuous Work Environment:** DMIHER is attentive to the unique needs of student mothers by offering less physically demanding academic options, minimizing fatigue and promoting well-being during and after pregnancy.
4. **Infrastructure Facilities:**

Infra Structure Facilities	Particular	Link
Department of Paediatrics, Paediatrics Intensive care Unit and Neonatal Intensive care Unit at DMIHER (DU)	Paediatric Department is a multidisciplinary research unit, dedicated to providing the highest quality care for all new-born babies, ranging from healthy neonates to sick or premature new-born that require close observation or intensive care	Link
