Women's mentoring schemes

The mentorship program at DMIHER is referred to as 'Preceptorship' program. All the Female students (preceptees) of every academic year are divided into batches of maximum 10 per batch and are assigned under a senior faculty member (Preceptor) for reporting their problems and difficulties through the meeting held every month. Problems and difficulties are broadly categorized into Academic, Hostel and Non-academic issues. The schedule of monthly preceptor-ship meet for the students posted in respective departments is displayed in the time table for the academic year. The preceptor sends the report of his/her preceptees to the Preceptor in-charge of that academic year, besides signing the notes of the meeting in the diaries. who then sends it to co-convenor preceptorship programme.
