## **SDG 5**

### **5.3.3- WOMEN'S ACCESS SCHEMES**

A high percentage of women admissions at DMIHER(DU) reflects the special provisions in place to attract women, including dedicated scholarships. These provisions include mentorship, where every student is assigned a dedicated faculty member to provide guidance from admission to exit. Additionally, the concept of preceptorship, encompassing academics, tutorship, guidance, and counselling, is particularly popular among women candidates in the fields of Health Sciences, Engineering and Allied Sciences.
