

Courses at School of Virtual Learning:

A) American Heart Association Accredited courses (AHA):

1. Basic Life support
2. Advance Cardiac Life Support
3. Paediatric advance life support
4. Heart Saver.

B) Regular courses:

Medical	Undergraduate	Comprehensive courses	<ol style="list-style-type: none"> 1. Basic life care (CPR & code blue management) 2. Trauma Care 3. Basic Adult Echocardiography 4. Basics of Obstetrics and Gynaecology Ultra-sonography. 5. Basics of Laparoscopy Skills. 6. Virtual dissection course.
		Skill Based Courses	<ol style="list-style-type: none"> 1. Basic Airway skills 2. Basic Surgical skills 3. Basic Clinical skills
		Scenario based courses	Basic Critical Care Course
	Post Graduate/ Practitioners (Medicine)	Comprehensive courses	<ol style="list-style-type: none"> 1. Basic life care (CPR & code blue management) 2. Advance airway management 3. Ventilator management 4. Basic and advance echocardiography

		Skill based courses	<ol style="list-style-type: none"> 1. Basic clinical skills 2. Advance clinical skills
		Scenario based courses	<ol style="list-style-type: none"> 1. Basic critical care 2. Advance critical care
	Post graduate/ Practitioners (Surgery)	Comprehensive courses	<ol style="list-style-type: none"> 1. Basic life care(CPR & code blue management) 2. Advance airway management 3. Ventilator management 4. Trauma Care 5. Abdominal Sonography in Trauma 6. Basics of Laparoscopy Skills. 7. Advance Laparoscopy Skills.
		Skill based courses	<ol style="list-style-type: none"> 1. Basic surgical skills 2. Advance procedure skills
		Scenario based courses	<ol style="list-style-type: none"> 1. Basic critical care 2. Advance critical care

	Post graduate/ Practitioners (Orthopaedics)	Comprehensive courses	<ol style="list-style-type: none"> 1. Basic life care(CPR & code blue management) 2. Advance airway management 3. Ventilator management 4. Trauma Care 5. Abdominal Ultra-Sonography in Trauma
		Skill based Course	<ol style="list-style-type: none"> 1. Basic surgical skills 2. Advance procedure skills
		Scenario based courses	<ol style="list-style-type: none"> 1. Basic Critical care 2. Advance critical care
	Post graduate/ Practitioners (Radiology)	Comprehensive courses	<ol style="list-style-type: none"> 1. Basics of Ultra-sonography 2. Advance Ultra-sonography 3. Advance Foetal Sonography and Neuro-sonography 4. Abdominal Sono-graphy in Trauma 5. Basic Foetal Sonography 6. Basic life care(CPR & code blue management)
	Post graduate/ Practitioners (Paediatrics)	Comprehensive courses	<ol style="list-style-type: none"> 1. Basic life care(CPR & code blue management) 2. Advance airway management

		<ul style="list-style-type: none"> 3. Ventilator management 4. Advance Foetal Sonography and Neuro-sonography.
	Skill based courses	<ul style="list-style-type: none"> 1. Basic clinical skills 2. Advance clinical skills
	Scenario bases course	<ul style="list-style-type: none"> 1. Basic Paediatric care 2. Advance paediatric care
Post Graduate/ Practitioners (Anaesthesia)	Comprehensive courses	<ul style="list-style-type: none"> 1. Advance Airway management. 2. Basic life care(CPR & code blue management) 3. Ventilator management 4. Trans-oesophageal Echocardiography.
	Skill based courses	<ul style="list-style-type: none"> 1. Basic clinical skills 2. Advance clinical skills
	Scenario based courses	<ul style="list-style-type: none"> 1. Basic Critical care course 2. Advance critical care course
Post graduate/ Practitioners (Emergency Medicine)	Comprehensive courses	<ul style="list-style-type: none"> 1. Advance Airway management. 2. Basic life care(CPR & code blue management) 3. Ventilator management 4. Trans-oesophageal Echocardiography. 5. Trauma Care 6. Abdominal Sonography in

			Trauma
		Skill based courses	<ol style="list-style-type: none"> 1. Basic clinical skills 2. Advance clinical skills
		Scenario based courses	<ol style="list-style-type: none"> 1. Basic critical care course 2. Advance critical care course
Dental	UG/PG	Comprehensive course	Basic life care(CPR and Code blue Management)
		Skill Based courses	<ol style="list-style-type: none"> 1. Basic airway skills 2. Basic surgical skills 3. Basic clinical skills
		Scenario Based courses	Basic Critical care scenario
Nursing	Undergraduate	Comprehensive course	<ol style="list-style-type: none"> 1. Basic life care(CPR & code blue management) 2. Foundation of Nursing. 3. Essentials of Nursing.
		Skills based courses	<ol style="list-style-type: none"> 1. Basic Nursing care.
		Post graduate/ Practitioners	Comprehensive course

		Skill bases courses	<ol style="list-style-type: none"> 1. Basic nursing care 2. Advance nursing care
Allied Health care	UG/PG	Comprehensive course	<ol style="list-style-type: none"> 1. Basic life care(CPR & code blue management) 2. Basic Trauma Care
		Skill bases courses	Basic clinical skills
